

# ADVENTURE EXPLORATION FACTS SHEET

## WHO:

We are a 5-star Adventure Guide and Outfitter, providing extraordinary experiences to families, couples, and singles. As a large regional adventure brand, we specialize in the Mid-Atlantic states with our HQ located in Boiling Springs and Hershey, PA. This gives our regular and first-time individuals, companies and groups easy access to some of the best natural resources within a five-hour radius. Majestic and large rivers like the Susquehanna and stunning creeks and streams such as the famous trout fishing and kayaking destinations, Yellow Breeches, Swatara, Conestoga, and hiking and climbing spots in Lancaster, on the Appalachian Trail, and so many others.

## WHAT:

With Adventure as our core capability, we offer many different activities using client's interests as our guide and compass for what and where they want to experience the incredible variety and quality of experiences possible. Rock Climbing and Kayaking are both regular favorites because of the access to natural challenges and, oftentimes, new experiences. But, almost equally, people love hiking and rock rappelling. There's also Fishing options, both spinner (traditional) and fly fishing, and there's also Sporting Clays shooting. Add to that a 'For Women, by Women' choice, which is a Hiking / Forest Skills activity, plus we run a Night Vision / Hiking option and Silence Hikes, too.
