

CORPORATE SMALL GROUP ACTIVITIES

Group Size: 7-30 PARTICIPANTS

SPORTING CLAYS:

There is nothing quite like the feeling of excitement and the thrill that comes with shooting a clay out of the sky. It can be extremely challenging, yet a complete beginner can participate and enjoy it. Often referred to as "golf with a shotgun," sporting clays are shot on a course; no two stations are the same. A sporting clays course setup is only limited by the course designer's imagination and the surrounding terrain. We guarantee it'll be an experience loaded with memories – great shots, "almosts" and incredible walks through nature.
